### Smarter Lunchrooms Goals Completed:

- Daily fruit options are available in at least two different locations in each service line.
- Daily vegetable options are available in at least two different locations on each service line.
- White milk crates are placed so that they are the first beverage option seen in all designated milk coolers.
- All targeted entrée names are written and legible on menu boards.
- Menu boards featuring today's meal components are visible and readable within all service areas.
- Student surveys are used to inform menu development.
- At least one daily fruit option is available near all registers.

### Strategies Used to Complete Goals:

- Making items more visible and accessible
- Menu boards
- Menus more visible throughout school
- Involvement with students

### Key Successes:

- Displaying menu boards: white boards that list the meal components and are placed in such a way that they are visible and readable within all service areas.
- Fruit options are available in two different locations in each service line and near all registers.
- Placing white milk so that it is the first beverage option seen.
