Educational Specialists from the Department of Elementary and Secondary Education and guest speakers will lead three distinct learning tracks – allowing for advanced learning. Participants will earn five hours of professional development each day. **Registration for both days is encouraged.**

Choose one learning track:

Resource Management

Advance your knowledge about effective financial management in your school nutrition program and learn the essentials of the USDA school lunch resource management regulations and requirements.

Continuous Quality Improvement

Expand your capacity to motivate staff, create a positive workplace culture, as well as address the hot topic regulatory areas critical to the operation of your program.

Promotion and Marketing

Increase your participation and make your program come alive by using promotion and marketing techniques that capture student interest and make your program shine.
